## We Take Care of Your *Whole* Pet!

*Whole Pet Veterinary Clinic* seeks to provide your pet with a long and healthy life. Drs. Caldwell and Olson integrate conventional and complementary therapies to prevent and treat disease, and promote optimal overall health. By incorporating nutritional modifications, natural supplements, and other holistic approaches into your pet's individualized health care plan, the team at *Whole Pet* keeps your pet's whole body working together!

Our veterinarians are fully supported by a wonderful team of certified veterinary technicians and customer care specialists.

### ONE OF OUR FAVORITE TESTIMONIALS:

*"I can't express how pleased I am with this vet! The entire staff is very welcoming and they all work to create a very positive environment for pets! My dog is timid at the vet, and the staff was very patient and understanding. Dr. Caldwell provided me with some great information and resources about holistic dog nutrition choices. This was by far the best vet experience I have ever had."*

# Our Doctors

**Dr. Megan Caldwell** has practiced small animal and emergency medicine in Madison, WI for the past 10 years. While her formal training is in traditional Western Medicine, Dr. Caldwell has used complementary medicine successfully to treat a wide variety of conditions. Some of her special interests are wellness care, internal medicine, geriatric health and soft tissue surgery.

**Dr. Lisa Olson** has practiced small animal medicine in Madison, WI for the past 10 years, and enjoys working with several animal rescue groups. Dr. Olson likes to offer a mixture of traditional and Eastern therapies to her

patients. Her special interests include dentistry, geriatric and wellness care.

**Dr. Dawn Mogilevsky** is our complementary medicine expert. In addition to her veterinary degree, Dr. Dawn is certified in veterinary spinal manipulative therapy, and in veterinary acupuncture. Dr. Dawn treats a wide

variety of conditions from nervous and musculoskeletal disorders, to allergies. She also provides support for cancer patients.

# Our Promises

**Exceptional Customer Service!**—It's our #2 goal!

We will always treat you respectfully, and do everything we can to ensure you and your pet feel comfortable in the clinic. And our #1 goal??—Your pet's best health and happiness, of course!

**Individualized Health Care Plans:** We offer you a complete range of medical options to help keep your furry family member healthy. Your pet's lifestyle, medical conditions, history and age are central to our recommendations. Client education and feedback is important to us—we want you to participate in making the best healthcare choices for your pet.

**No-Pressure!** We will not pressure you into anything; we offer medical recommendations, our opinions about nutrition, and the benefits of certain natural supplements. Our goal is to educate you, to allow you to make the best, informed decisions for your pet.

**Payment Options:** We understand financial limitations, and work with you to achieve the best care for your pet. In addition to accepting *Visa*, *Master Card* and *Discover*, we also offer *CareCredit*. *CareCredit* is similar to other major credit cards, with the additional benefit that each transaction is eligible for a no-interest or low-interest payment plan.

Your pet deserves a unique approach to his or her health.  
Come let us individualize a plan that's purrfect!
